

GETTING THROUGH THE DIGITAL DOOR

Making Your Chromebook Accessible

The **Getting Through the Digital Door program** has been made possible by the following funders

Building Vibrant Communities Program Nova Scotia Department of Communities, Culture, Tourism and Heritage

CHROMEBOOKS

Here Is how to make your Chromebook more accessible

		οx
E Settings		۹
Keyboard	•	
Displays	•	
Storage management	•	
Power	•	
Search engine		
Search engine used in the address bar Google	•	
Manage search engines	•	
On start-up		
O Open the New Tab page		
Ocontinue where you left off		

After clicking the **Advanced button**, you will find the **Accessibility button**.

Then click on Manage Accessibility Features.

← Manage accessibility features	
Enable accessibility features to make your device easier to use. Learn more	
Text-to-Speech	
Enable ChromeVox (spoken feedback)	
Enable select-to-speak Hear selected text	
Text-to-Speech voice settings Select and customize text-to-speech voices	

When you click on the **Manage** Accessibility Features where you find **Text – to -Speech** apps, The different **Text – to -Speech** apps are for people who are blind or have low vision.

play		
Use high contrast mode		
Enable fullscreen magnifier Press Ctrl+Search+M to turn fullscreen magnifier on or office are Ctrl+Alt+Arrow keys to move around when zoomed in.		
Enable docked magnifier		
Open display device settings Allows you to adjust your screen resolution	×	
Open appearance settings Customize your text size		

There are other ways that people with low vision can read what is on the screen, like the The **Enable Fullscreen Magnifier.**
